Great! Mark doesn't plan on doing an ppt either but plans to talk from a map and may use some pics. Therefore, that could be a short 30 min. Nic said that he needed at least 45 min to discuss some issues but I'm not sure how long we'll discuss them. Please be ready to discuss but we may not have time as we discussed earlier. So if anything, you may need to talk very fast! If you feel that you need to say something about what happen during your ERs and it will benefit all the OSCs, we can push into the lunch break a little. thxs

John:

I am prepared to give about a 20 minute or so discussion about my two little oil responses (TX and OK).... This won't cover the whole time set aside for Exxon Mayflower but, it might help fill the gap.... I can also talk really, really slowly too.

Mike

I will not have time to put anything together on this spill for Monday, if anyone from the site team wants too, go ahead-
